

JugendticketBW will be available on March 1, 2023

Dear students in the naldo-area,

on March 1, 2023, the JugendticketBW (youth ticket) will be introduced in the naldo transport association, which is an attractive alternative to the semester ticket. With the JugendticketBW for students, we can offer you a personal six-month-ticket linked to the semester, which has a significantly larger area of validity than the semester ticket. **In addition, the solidarity contribution will be deducted from the ticket price.** It costs 165,40 € for students of Albstadt-Sigmaringen University and 153,70 € for students of all other universities. The JugendticketBW can be obtained up to and including the semester in which you turn 27 years old. The JugendticketBW is financed by the state of Baden-Württemberg (70%) and the four naldo districts (30%).

The JugendticketBW is valid around the clock, seven days a week on local public transport throughout Baden-Württemberg (not on long-distance transport such as ICE, IC, EC, long-distance bus).

We offer it for students of the following universities in the naldo-area:

- University of Tübingen
- Tübingen University of Sacred Music
- Rottenburg University of Sacred Music
- Steinbeis Global Institute Tübingen
- Reutlingen University
- University of Applied Forest Sciences Rottenburg
- Albstadt-Sigmaringen University
- Knowledge Foundation Reutlingen*

The duration depends on the official semester duration of the respective university

- Summer semester: March 1 to August 31 or April 1 to September 30
- Winter semester: September 1 to February 28 or October 1 to March 31

It is currently being examined whether and what kind of transitional arrangement there can be for March 2023 for students with a ticket period from April to September 2023. Updated information on this can be found from dd.mm.yyyy, at studis.naldo.de.

Special solution March 2023:

Students whose JugendticketBW does not start until April 1, 2023 can also purchase a JugendticketBW "March 2023" for 25,60 € at the ticket offices of Stadtverkehr Tübingen.

Sales start is February 1, 2023.

Tickets can be purchased as follows:

1. Print@Home-Ticket

In the new **customer portal for students at studis.naldo.de**, students of the following universities can buy the JugendticketBW or the semester ticket online as a Print@Home ticket and print them out themselves:

- University of Tübingen
- Tübingen University of Sacred Music
- Rottenburg University of Sacred Music
- Steinbeis Global Institute Tübingen
- Knowledge Foundation Reutlingen

Students who have already registered for the reimbursement of the 9-euro ticket on the customer portal studis.naldo.de can also use this account to purchase the JugendticketBW or the semester ticket. A purchase for third parties is generally not possible. Registration is possible from the age of 16.

Registration and ordering will presumably be possible from February 1, 2023, but printing will not be possible until February 13, 2023.

The new ticket shop is currently not activated yet for students of Reutlingen University, University of Applied Forest Sciences Rottenburg and Albstadt-Sigmaringen University. We are working intensely to ensure that these universities are technically connected as quickly as possible.

2. Paper ticket

The purchase is possible at the ticket offices (travel centers/agencies) of Deutsche Bahn, Stadtverkehr Tübingen, Stadtverkehr Reutlingen, SWEG and Groß in the naldo-area.

Required proofs for ticket purchase are:

- Age must be proven by official photo ID
- Student ID with the imprint of the currently valid semester
- Students of the University of Tübingen hand in the "Certificate of study for the semester ticket". It can be downloaded online and printed out by the students.
- Students of the universities of Reutlingen, Albstadt-Sigmaringen and Rottenburg submit an online matriculation certificate.
- Students of the universities of Sacred Music hand in a matriculation certificate.
- Students of the Knowledge Foundation and the Steinbeis Globale Institute hand in the certificate issued by the institute.
